Hi Zane,

Dan did receive your e-mail. Here is his response about next steps:

Hi,

Yes, I received it about 20 minutes ago. I have not read it yet, but perhaps the next step is for us to have a call with you to review the document and discuss process for updating the economic analysis?

Thanks,  
Dan

I think we need to set up a call, but I wanted to clarify what Rik said about the attorneys not wanting to share it with EPA. That's a bit awkward since technically Abt is our contractor. I guess Abt can have an initial call with SWRCB, but at some point EPA will need to be more directly involved so that we can provide direction to the contractor.

Matt

Thanks Zane. I'll check in with Dan to make sure he received it. If you need Dan's # in the future it is 617-349-2344.

Matthew,

I sent the draft regulatory language for the toxicity provisions to Dan this morning. Since it came from me and not Rik I don't know if Dan will recognize at first glance what is coming into his in-box. So, you may want to give him a heads-up that it was sent from my e-mail address. I don't have Dan's phone # so I can't call him to alert him that it was sent.

Zane

Great! Not about the jury duty, but happy you have something to send to Abt. Please send to Dan Basoli at [Dan\\_Basoli@abtassoc.com](mailto:Dan_Basoli@abtassoc.com)

Thanks,

Matt

Matt-

I think I finally have a version of the Tox plan to send to econ – who should I send it too? Our attorneys are not ready to share this version with EPA yet since we are still finishing up our deliberative process before we are ready for it to go public.

Thanks  
Rik

P.S. I am on jury duty for the next 3-4 weeks starting tomorrow but will be checking e-mails in the evenings and on Fridays.
